Academic Program

From an academic perspective, the benefit of Evangel's small class size is evident in our academic performance and college placement. Our smaller class sizes give all students substantial access to their instructors and advisers. Evangel operates like family. Its close knit scholastic and parental community creates an atmosphere where the hearts of our students are reached and no one is left behind.

Students must take 2 years of Bible, in addition to other course requirements, to graduate from Evangel.

Mission Statement

Our mission is and has always been simple; to raise up a righteous generation.

Additional Information

The unique family environment comprised of faculty, staff and community supporters creates an atmosphere that is only found here. Our academics challenge both the mind and the soul. With class sizes small enough to allow students the kind of attention that truly fosters and inspires growth, even unmotivated students are transformed into vibrant, disciplined, confident young adults.

In 1985, Evangel made a commitment to be a school that looked like the world. That commitment has allowed us to serve all races, nationalities and scholastic abilities. It has created the perfect environment for both international and domestic students.
