

The Harley School

Private Day School – Rochester , New York

The Harley School is a private, independent, college preparatory day school. It was founded in 1917. Our rigorous academic programs and exceptional fine arts curriculum are coupled with unique course offerings (hospice, glass-making, chess, organic gardening, boat-building, and robotics to name a few), a commitment to community service, and a nurturing environment for students.

Location

The Harley School is located in Rochester, New York.

Area Population: 210,855

Academic Program

Harley fosters a spirit of personal excellence. Students challenge themselves rather than compete with others. There is no ranking system or honor roll, but our rigorous academic programs and exceptional fine arts curriculum are coupled with unique offerings, a commitment to community service, the creative process and a nurturing environment for students. The school is committed to diversity and the education of students for global citizenship. In addition to an excellent selection of courses, the Harley curriculum provides the

learning and research skills necessary for students to enter American colleges or universities with confidence. Harley students have the freedom to choose advanced level and elective courses in all departments.

Mission Statement

Harley is a private independent school committed to academic excellence from Nursery through 12th grade. While involving students in diverse and close-knit community, we seek to nurture individual strengths. We strive to foster in children a desire for intellectual achievement, a creative imagination, a sense of the intrinsic excitement of learning, and an understanding of their varied roles in society.

Additional Information

The Harley School embraces diversity and welcomes students from all over the world. Our community currently includes students from Korea, China, Ethiopia, the Netherlands, England, Pakistan, Canada, Greece and France. Our faculty, students, parents, coaches, host parents, and college counselors value the opportunity to learn about new cultures. International students have a chance to learn about American culture, gain fluency in English, and embrace the United States' educational systems in preparation for attending American colleges and universities. They also may take full advantage of enrichment in the arts, athletics, community service and extracurricular activities, leaving them both well-prepared academically, and as well-rounded individuals for the challenges after high school.
